STAY AT SHARE
Guide for Visitors

SHARE DISCOVERY VILLAGE

Guide for Visitors

This guide is to provide parents/guardians and visitors with the necessary information for a fantastic stay at Share Discovery Village.

SHARE has over 30 years of experience delivering residential programmes to groups of all ages and abilities. We realise going on residential can be a daunting experience. This guide provides information on what to bring and what to expect on your residential. The Share Team will be on hand before, during and after your residential to make your experience one to remember.

Share has a proven pedigree in providing outdoor education activities to an exceptional health and safety standard. The Centre is a Royal Yachting Association (RYA) Recognised Teaching Establishment and a British Canoe Union (BCU) Approved Teaching School. All activities are led by qualified and experienced members of staff. We carefully select our staff according to the participant's age, gender and ability to ensure the highest level of interaction between instructor and participant is achieved. All staff are qualified First Aiders and have Child Protection Training and have Enhanced Disclosure Checks.

1. An unusual or exciting and daring experience

Accommodation

All our rooms at SHARE are en-suite and multi-bedded, so visitors can share with their friends, but hopefully not stay up too late! All bed linen is provided, however participants must bring their own towels. The maximum number of people per room is four. Quiet time is after 10:30pm and visitors must return to their accommodation after this time.

Meals

SHARE offers visitors a choice of two options at every meal time, and visitors are encouraged to eat well so they have lots of energy for activities. SHARE is able to cater for a wide variety of dietary requirements. Let your group leader know, and they will inform our bookings team. Or contact us directly to advise of any special dietary requirements.

Onsite Facilities

We have two play-parks, a forest walk, football pitch, leisure suite, laundry facilities, grow-dome, campsite, static caravan site, caravanning bays, amenity blocks and audio visual arts arena available onsite. As well as direct access to stunning Upper Lough Erne and over thirty different land, water and arts activities to choose from. SHARE is an enclosed site and safe space where-in children are free to roam and play.

What do I bring?

SHARE provides all equipment required for activities i.e. wetsuits, helmets, lifejackets etc.

Just make sure you pack your swim suit and a pair of wet shoes!

The following items should be packed on residential:

1. Old pair of shoes (to wear in the water!)
2. A towel (SHARE provides all bed linen)
3. Waterproof jacket
4. Swimming costume
5. Toiletries
6. At least three changes of old warm clothing - it may get dirty on activity
7. Lots of socks!!

Optional (extras)

- Disposable camera, sun tan lotion/sun hat, disco clothes (if applicable to your stay), wellington boots

Pocket Money

Onsite at SHARE we have a number of vending machines and Maud's Ice Cream for sale! We also have a small gift shop which sells a variety of stationery, souvenirs and novelties. It is recommended visitors bring a small amount of pocket money, to treat themselves and loved ones at home.

Contacting a Visitor

Your visitor will be so busy making new friends and having a great time they will have limited opportunities to phone home. Most participants have mobile phones however, if at any point you need to contact your child in an emergency or need reassurance of their welfare, please phone the main office between 9am - 5pm.

Medical Information

Your group leader will have advised of any special requirements for your group at the time of booking. Participants are asked to please supply instructors with any necessary medical information e.g. asthma, allergies etc. at the start of every activity session. Don't panic, if you forget, our instructors will ask!

You're going to have a great time...

If you have any further queries or questions please don't hesitate to get in touch! A member of our team will be happy to help!

The week prior to your stay with us, a SHARE Coordinator will make contact with your group leader to confirm all final residential details. It is important at this time to make us aware of your final numbers and any medical or dietary requirements if you haven't already done so.

During your stay your group will have a dedicated Outdoor Leader. This member of staff will ensure you and your group have a fantastic stay with us!

...See you soon!
